

Memorandum of Agreement

Given the common commitment of Ternopil National Pedagogical University (TNPU) and St. Jerome's University (SJU) to enhance the international connections and experiences of their faculty and students we the undersigned agree to enter into an agreement of cooperation between our two institutions.

To this end we will develop and expand cooperative ventures in common areas of interest, for example:

1. Exchange of students to promote their international experiences;
2. Placements of students in service learning, cooperative work, and/or internship experiences;
3. Providing opportunities for visiting professorships.

We agree to engage in a process whereby this agreement will be enhanced with specific collaborative projects, adequately financed and staffed in order to ensure academic experiences of the highest international standard
